

# Cannon Hill station accessibility upgrade

WORKS NOTICE

## Night works - overhead line infrastructure

### June 2021

As part of the Cannon Hill station accessibility upgrade, Queensland Rail will undertake overhead line infrastructure works from **12.30am to 4.30am** each morning on **Sunday 13 to Thursday 17 June 2021** (weather and construction conditions permitting).

For safety, these works have been scheduled after hours when there is reduced rail traffic and the overhead power is switched off.

Nearby residents may experience some noise associated with construction activity and truck movements. Mobile lighting towers will be used during the night works.

Every effort will be made to minimise disruption and we thank you for your patience while we build you a better Cannon Hill station.
