## Cannon Hill station accessibility upgrade

**WORKS NOTICE** 

## Night and after hours works - platform and roof works

## **July 2021**

As part of the Cannon Hill station accessibility upgrade, Queensland Rail will undertake platform and roof works from **Saturday 24 to Monday 26 July** (weather and construction conditions permitting).

For the safety of our customers and construction workers, these works have been scheduled over a planned track closure when there is no rail traffic and the overhead power is switched off.

Nearby residents may experience some noise associated with construction activity, heavy machinery and truck movements. Mobile lighting towers will be used during the night works.

Every effort will be made to minimise disruption and we thank you for your patience while we build you a better Cannon Hill station.

## Overview of night and after hours works

Location	Dates and hours of work	Type of work
Cannon Hill station and rail corridor	4am Saturday 24 to     4am Monday 26 July     (continuous works)	Platform and roof works involving:  • the use of hand-held tools and powered equipment including jack hammers
Cannon Hill carpark and depot		<ul> <li>operation of compactors, elevated work platforms, large trucks and machinery with flashing lights and reversing beepers</li> </ul>
		<ul> <li>the use of hand-held tools and powered equipment</li> <li>movement of personnel and vehicles around the station precinct and rail corridor</li> </ul>
		<ul> <li>portable lighting towers in use at night.</li> </ul>

The Cannon Hill station accessibility upgrade is part of the State Government's ongoing investment of more than \$500 million to upgrade stations across the South East Queensland network, making them accessibile for all customers.
