

Cannon Hill station accessibility upgrade

WORKS NOTICE

Night works, after hours works and temporary station changes

February and March 2021

As part of the Cannon Hill station accessibility upgrade, Queensland Rail will undertake night and after hours works on **Saturday 27 and Sunday 28 February and Saturday 20 and Sunday 21 March** (weather and construction conditions permitting).

Works will involve the delivery, assembly and installation of the new station footbridge, stairs and lift shafts.

There will be temporary changes throughout the station precinct during February and March to support this work. The changes will affect station access, carparking and amenities. *See map overleaf for details.*

The station and footbridge will be temporarily closed on **Saturday 27 and Sunday 28 February and Saturday 20 and Sunday 21 March**. This will be during scheduled track closure weekends, when buses will replace trains.

Nearby residents may experience some noise associated with construction activity, the operation of cranes and heavy machinery, and the movement of vehicles around the station precinct.

Every effort will be made to minimise disruption and inconvenience as we work to improve your station.
