

# Auchenflower station accessibility upgrade

WORKS NOTICE

## Early morning works – footbridge delivery and crane establishment

### Wednesday 20 and Friday 22 July 2022

In addition to the night and after hours works previously notified for July, Queensland Rail will receive an early morning delivery of the new pedestrian footbridge at **approximately 4am on Wednesday 20 July**. (This is one day later than notified on the previous community works notification.)

At **approximately 3am on Friday 22 July**, a large crane will arrive on site, in preparation for the installation of the new footbridge over the weekend track closure on Saturday 23 and Sunday 24 July.

These large vehicle movements have been scheduled after hours to minimise the impact to the local road network.

Residents near the station may experience noise associated with truck movements. Every effort will be made to minimise disruption and we thank you for your patience during these important works.
