

Auchenflower station accessibility upgrade

WORKS NOTICE

Night works – overhead line infrastructure

Monday 27 January 2020

In preparation for the Auchenflower station accessibility upgrade, Queensland Rail will install overhead line infrastructure on **Monday 27 January, between 7.30pm and 6am** the next day (weather and construction conditions permitting). For the safety of workers and the public, these works have been scheduled after hours, when there is no rail traffic. This is a continuation of works previously notified.

The station carpark will be closed enable the overnight operation of a large crane. Customers are requested to assist us by **removing vehicles from the carpark by 7pm on Monday 27 January**.

For safety, pedestrian access through the station carpark will be unavailable during the operation of the crane. Traffic control personnel will direct pedestrians around the work zone.

Residents near the station may experience some noise associated with the crane activity and the operation of trucks, on-track vehicles and equipment around the work zone. Every effort will be made to minimise disruption and we apologise for any inconvenience as we undertake these important early works.

Overview of night works
