

Auchenflower station accessibility upgrade

WORKS NOTICE

Night works and lane closures – overhead line infrastructure

Tuesday 19 and Wednesday 20 November 2019

In preparation for the Auchenflower station accessibility upgrade, Queensland Rail will install overhead line infrastructure over two nights on **Tuesday 19 and Wednesday 20 November**, each night **between 11pm and 4am** the next day (weather and construction conditions permitting). For the safety of workers and the public, these works have been scheduled after hours, when there is reduced rail traffic.

A lane closure with traffic management (see map over the page) will be in operation on:

- **Tuesday 19 November** (midnight to 4am), **Auchenflower Terrace** (between Eagle Terrace and Dixon Street). Local access will be maintained at the instruction of the traffic controller.
- **Wednesday 20 November** (midnight to 4am), **Lang Parade**. Access to The Wesley Hospital precinct will be maintained at the instruction of the traffic controller.

Residents near the station may experience some noise associated with construction activity and the operation of trucks, on-track vehicles and equipment around the work zone. Mobile lighting towers will be used during night works. Every effort will be made to minimise disruption and we apologise for any inconvenience as we undertake these important early works.

Overview of night works

Location	Dates and hours of work	Type of work
Auchenflower station, carpark and rail corridor	From 11pm to 4am on Tuesday 19 and Wednesday 20 November (over 2 nights)	Overhead infrastructure works involving:
