

Auchenflower station accessibility upgrade

WORKS NOTICE

Night and after hours works

July 2022

As part of the Auchenflower station accessibility upgrade, Queensland Rail will undertake after hours works on **selected nights in July (6pm to 6am the next day)**.

In addition, around-the-clock works will be undertaken from **6pm Friday 22 until 6am Monday 25 July**, during a scheduled weekend track closure when buses will replace trains.

The station's new footbridge will be closed for works over the weekend of Saturday 23 and Sunday 24 July and there will be no cross-corridor pedestrian access. During this time, a free accessible shuttle (maxi taxi) will operate between Eagle Terrace and Lang Parade to transport customers and pedestrians around the footbridge closure.

For safety, these works have been scheduled at night or during a weekend track closure when rail traffic is reduced and there are fewer people around the station and hospital precincts.

To support site access and construction activity, **Auchenflower Terrace will be closed between McIlwraith Street and Ridley Street** with a diversion via McIlwraith Street and Harriett Street. Motorists are requested to follow the instructions of the traffic controllers and drive to the changed conditions.

Residents near the station may experience noise associated with construction activity and truck movements. Every effort will be made to minimise disruption and we thank you for your patience during these important works.

Overview of works (weather and construction conditions permitting)

Location	Dates and hours of work	Type of work
Auchenflower station, carpark and rail corridor	<u>Night works in July</u> 6pm to 6am the next day on: <ul style="list-style-type: none">Monday 4 JulyWednesday 6 JulyMonday 11 JulyWednesday 13 JulyMonday 18 JulyWednesday 20 JulyMonday 25 JulyWednesday 27 July (eight separate nights in the month)	Station upgrade activities involving: <ul style="list-style-type: none">excavation and removal of spoil by truckconstruction of retaining wallsconcrete pumping and concrete worksfootpath reinstatement worksinstallation of structural steelestablishment, operation and demobilisation of large crane (for footbridge lift 23 and 24 July)operation of machinery and heavy equipmentuse of hand-held tools and powered equipmentdelivery and unloading of materials by truckmovement of vehicles and machinery with flashing lights and reversing beepersportable lighting towers in use at nightroad closure (Auchenflower Terrace) with traffic diversion.
