

# Auchenflower station accessibility upgrade

WORKS NOTICE

## Night works – concreting and associated activities

### November 2022

As part of the Auchenflower station accessibility upgrade, Queensland Rail will undertake afternoon concrete pours on selected dates in November. Following these concrete pours, associated activities will be undertaken between 6pm and midnight on **Thursday 10, Monday 21, Tuesday 22 and Wednesday 23 November**, weather and construction conditions permitting.

These works have been scheduled depending on available concrete supplies and delivery windows.

To support site access and concrete pumping, localised lane closures and traffic management may be in operation at times on these dates. Motorists are requested to follow the instructions of the traffic controllers and drive to the changed conditions.

Residents near the station may experience noise associated with construction activity and truck movements. Every effort will be made to minimise disruption and we thank you for your patience during these important works.

#### Overview of works (weather and construction conditions permitting)

Location	Dates and hours of work	Type of work
Auchenflower station, carpark and rail corridor	<u>Night works – concrete activities</u>  6pm to 12am (midnight) on:	Station upgrade activities involving:
Surrounding local streets (traffic management)	<ul style="list-style-type: none"><li>• <b>Thursday 10 November</b></li><li>• <b>Monday 21 November</b></li><li>• <b>Tuesday 22 November</b></li><li>• <b>Wednesday 23 November</b></li></ul>	<ul style="list-style-type: none"><li>• concrete pumping activities (afternoon)</li><li>• footpath reinstatement activities</li><li>• use of hand-held tools and powered equipment</li><li>• workers around the works zones</li><li>• movement of vehicles with flashing lights and reversing beepers</li><li>• portable lighting towers in use at night</li><li>• lane closures and traffic management if/as required.</li></ul>
