

Cannon Hill station accessibility upgrade

WORKS NOTICE

Weekend works - platform works

February 2022

As part of the Cannon Hill station accessibility upgrade, Queensland Rail will carry out platform works on **Saturday 12, Sunday 13, Saturday 26 and Sunday 27 February** (weather and construction conditions permitting).

For the safety of our customers and construction workers, these works have been scheduled over planned track closures when there is no rail traffic and the overhead power is switched off.

Nearby residents may experience some noise associated with construction activity, machinery and truck movements.

Every effort will be made to minimise disruption and we thank you for your patience while we build you a better Cannon Hill station.
