

Auchenflower station accessibility upgrade

WORKS NOTICE

Night and after hours works

November 2022

As part of the Auchenflower station accessibility upgrade, Queensland Rail will undertake concrete pours overnight on **Wednesday 2 and Thursday 3 November (each night between 6pm and 6am the next morning)**.

In addition, around-the-clock activities will be undertaken **from 6pm Friday 4 until 6am Monday 7 November** during the weekend's scheduled track closure.

For safety, these works have been scheduled at times when rail traffic is reduced and during a scheduled weekend track closure when buses will be replacing trains.

During the weekend track closure, the station footbridge and lifts will be closed for works. Cross-corridor pedestrian access will be maintained via the new footbridge (Lang Parade, at Chasely Street) – please follow directional signage and take care around the work zones.

To support site access and construction activity, localised lane closures and traffic management may be in operation at times throughout the month. Motorists are requested to follow the instructions of the traffic controllers and drive to the changed conditions.

Residents near the station may experience noise associated with construction activity and truck movements. Every effort will be made to minimise disruption and we thank you for your patience during these important works.

Overview of works (weather and construction conditions permitting)

Location	Dates and hours of work	Type of work
Auchenflower station, carpark and rail corridor	<i>Night works – concrete pours</i> 6pm to 6am the next day on: <ul style="list-style-type: none">Wednesday 2 NovemberThursday 3 November (over two nights)	Station upgrade activities involving: <ul style="list-style-type: none">concrete pumping activitiesstation entry and footpath worksplatform works including paving and asphaltting
