

Cannon Hill station accessibility upgrade

WORKS NOTICE

Night and after hours works - platform works

September 2021

As part of the Cannon Hill station accessibility upgrade, Queensland Rail will undertake platform works from **Saturday 4 to Monday 6 September** (weather and construction conditions permitting).

For the safety of our customers and construction workers, these works have been scheduled over a planned track closure when there is no rail traffic and the overhead power is switched off.

Nearby residents may experience some noise associated with construction activity, machinery and truck movements. Mobile lighting towers will be used during the night works.

Every effort will be made to minimise disruption and we thank you for your patience while we build you a better Cannon Hill station.

Overview of night and after hours works

Location	Dates and hours of work	Type of work
Cannon Hill station - platforms 1 and 2	<ul style="list-style-type: none">6am Saturday 4 to 4am Monday 6 September (continuous works)	Platform works involving: <ul style="list-style-type: none">the use of hand-held tools and powered equipment including compactorsoperation of large trucks and machinery, including bobcats, excavators and rollers, with flashing lights and reversing beepersmovement of personnel and vehicles around the station precinct and rail corridorportable lighting towers in use at night.

The Cannon Hill station accessibility upgrade is part of the State Government's ongoing investment of more than \$500 million to upgrade stations across the South East Queensland network, making them accessible for all customers.
